Sushila Shrestha

Frontend Engineer

Kathmandu, Nepal • +977 9843020902 • sushilasht22@gmail.com • shresthasushila.com.np • LinkedIn • GitHub

SUMMARY

Computer Engineering graduate and frontend engineer focused on clean, accessible UI and reusable design systems. I work with React, TypeScript and Next.js, and have a side of NLP and machine learning.

AREAS OF EXPERTISE

- Frontend development (React, Next.js)
- Type-safe web apps (TypeScript)
- Design systems (Storybook, Radix UI)
- API integration (GraphQL, REST)
- Headless CMS (Payload)
- Component testing (Vitest)
- Design handoff (Figma)

PROFESSIONAL EXPERIENCE

VEEL Kathmandu, Nepal

Junior Frontend Engineer Aug 2025 – Present

- Build and maintain production web apps in React, TypeScript, Next.js and TanStack Start, from marketing sites to dashboards and billing flows
- Develop complex product features such as multi-step forms, AI-assisted search, approval workflows and Stripe payments, integrated with GraphQL APIs
- Create reusable, accessible components for a shared design system, documented in Storybook and tested with Vitest

Frontend Intern May 2025 – Jul 2025

- Built UI components and improved product interfaces, leading to a full-time role

AR Treasure Hunt Oct 2024 – Dec 2024

Frontend Web Developer

- Built the event homepage in React, TypeScript and Tailwind CSS, responsive and optimized for all devices · GitHub
- Integrated interactive elements matching the event's theme, and worked with the team to refine features across the site

VOLUNTEERING & LEADERSHIP

Hack the Circle · *Organizer* Nov 2024 – Dec 2024

- Built the official hackathon website in React and Tailwind CSS, working closely with designers on the visual and UI requirements · GitHub

LOCUS Open Source Team · *Volunteer* Dec 2024

- Built and maintained the team's official website, developing new site features in React and Tailwind CSS

Hult Prize at Khwopa College of Engineering · *Deputy Campus Director* Dec 2023 – Feb 2024

- Organized and ran the on-campus Hult Prize event with the Campus Director and organizing team, leading event planning, team coordination and public relations

KEY ACHIEVEMENTS

- **Hackathon win:** Won the AI Track at the Semicolon Hackathon with Major League Hacking (2024) for JUNU, a voice assistant for government services.
- **Fellowship:** Selected as a Software Fellow for LOCUS 2025 at IOE Pulchowk.

- **Hult Prize semi-finalist:** Reached the semi-finals at IOE Pulchowk (2023) with LIFEN, a venture promoting flax linen as a sustainable, low-water alternative to cotton.

PROJECTS

JUNU — Government Office Voice Assistant · React, Voice AI · GitHub *AI Track Winner, MLH*

- Built the React frontend for an AI voice assistant that helps citizens navigate government office services

Tourist Attraction Recommendation System · Python, PyTorch, NCF, DistilBERT · GitHub

- Final-year project: a hybrid recommender for tourist attractions in Nepal, ensembling Neural Collaborative Filtering (GMF + MLP) with a DistilBERT content-based model
- Added category and province-based filtering and a web interface for browsing recommendations

Nepali Sentiment Analysis with Transformers · Python, Transformers, NLP · GitHub

- Built a custom transformer encoder from scratch to classify sentiment in Nepali-language beauty-product reviews, with scripts for training, prediction and a demo

Hult Prize at KhCE Website · React, TypeScript, Tailwind CSS · GitHub

- Designed and built a responsive event website with interactive navigation, optimized for mobile and desktop

Personal Portfolio Website · React, Vite, CSS · Live · GitHub

- Designed and built a responsive portfolio with smooth scrolling and animated transitions, showcasing projects, skills and experience

EDUCATION

Khwopa College of Engineering (Tribhuvan University) Bhaktapur, Nepal

Bachelor of Computer Engineering · 74.62% 2021 – 2025

ADDITIONAL SKILLS

TypeScript, JavaScript, Python, HTML, CSS, React, Next.js, TanStack Start, Tailwind CSS, Apollo Client, GraphQL, REST, Resend, PyTorch, BERT/DistilBERT, RAG, Pandas, Matplotlib, Git, GitHub Actions, Figma, Jupyter, Google Colab. Participant in Project Digital SHE (Miss-Tech / Robotics Association of Nepal).
